

# 1st International Conference for S & SE Asia on "Tech-Trends in Plastic Moulds & Dies"

**DAY 1 - Thursday, November 5th, 2009**

**DAY 2 - Friday, November 6th, 2009**

**Conference Chairman : Mirisch Damani, Managing Director, Zylog Plastalloys Pvt. Ltd., India**

**08:30** Registration and Welcome Coffee:   
**09:30** Welcome and Inauguration Ceremony  
**10:00** Presentation by PlastIndia Foundation 

**Key Note Paper:**

**10:20** "Innovations and Advances in Mould Making Technology"  
 Mr Anil Kilachand - Chairman  
 Stiack Engineering Pvt Ltd  
 President TAGMA (1992-1997) and Chairman FADMA (2000-2006)  

**11:00 Morning Refreshments**

**Session I:**

**11:30** "Laser 'Cusing' Technology and Applications in direct part and tooling along with conformal cooling design"  
 Stephan Richardt - Concept Laser GmbH  
 Krishnan Ramkumar - G-PLAST (Pvt) Ltd  
  

**12:05** "Applications of Computer Tomography for the Precision Plastics Industry"  
 Ravi Sirige  
 Technical Head, Carl Zeiss India  

**12:40** "PVD Coating on Plastic Moulds and Dies"  
 Lucien Peeters, Product Manager Tool  
 Hauzer Techno Coating, The Netherlands  

**13:15 Question & Answer Session**

**13:30 Lunch**

**Session II:**

**14:30** "Innovations in Tribrid Modeling, Automised Mould Design, Manufacturing and Inspection of Complex Parts"  
 Daniel V Raravi - Head; Marketing  
 DELCAM Software India (PVT) Ltd  

**15:05** "Runner Selection and its Effect on Quality and Cost of Product - A Study using Moldflow Technology"  
 Pradeep Kamat - CEO  
 Polysmart Technologies Pvt Ltd  

**15:40** "Rapid Prototyping for Rapid Manufacturing"  
 Dhaval P Dodhiwala - Business Dev Manager  
 Imaginarium India Pvt Ltd  

**16:15 Afternoon Refreshments**

**16:45** "Product Development through CAE Tools"  
 Prabhu KSNP  
 Technical Manager, Autodesk Moldflow Solutions  

**17:15** "Artificial Intelligent Machines for Die & Mould Applications"  
 Sameer C Chitnis - Deputy Manager - Robo Machine  
 Fanuc India  

**17:45 Question & Answer Session**

**Session III:**

**10:00** "Innovative and Friction Free Components for Improved Mould Performance"  
 A.G Luvai - Sales Manager  
 Progressive Components USA  

**10:35** "Standard Components used for Manufacture of Injection Moulds"  
 Rajnikant Patel - Business Development Manager  
 HASCO Hasenclever GmbH + Co KG, Germany  

**11:10** "Emerging Trends in High Speed Milling Technology for the Die & Mould Industry"  
 S. Subbarayan - AGM  
 Makino India Pvt Ltd  

**11:45 Morning Refreshments**

**12:15** "Tool Steel Solutions for New Generation Moulds for Plastic Processing"  
 P.L. Krishnan - Technical Director  
 PCK-Buderus (India) Special Steels Pvt Ltd  

**12:50** "New Trends in Plastic Moulding Tool Materials"  
 P.N. Krishnaswamy - Technical Director  
 Assab Sripad Steels Ltd  

**13:20 Question & Answer Session**

**13:30 Lunch**

**Session IV:**

**14:30** "Overview of the Chinese Mould Industry"  
 Ms Yoki Chen  
 Kapson Resources, China  
  

**15:00** "Efficiency & Quality can be planned - Braunform ...Moulding your Visions"  
 Speaker to be advised  
 Braunform GmbH / Neejtech  
  

**15:35** "Trends on Energy Saving of Support Equipment for Plastic Industries"  
 Nanda Kumar, MD  
 Wittmann Battenfeld India Pvt Ltd  

**16:10 Afternoon Refreshments**

**16:40** "Stack Hot Runners"  
 Rajendran Kasi / Hireen Khatri  
 Husky Injection Moulding Systems Pvt Ltd  

**17:15** "CNC, Servo, Spindle and Feedback features for Die & Mould Machine Applications"  
 Vivekanand Chikale - Engineer - FA Applications  
 Fanuc India  

**17:45 Questions, Concluding Remarks and Conference End**
