

4th International Conference for S & SE Asia on "Thermoplastic Elastomers - Materials, Technology & Applications"

DAY 1 - Wednesday, April 7th, 2010

DAY 2 - Thursday, April 8th, 2010

Conference Chairman : Mirisch Damani, Managing Director, Zylog Plastalloys Pvt. Ltd., India

08:30 Registration and welcome coffee:
09:20 Welcome by Conference Organiser 
09:30 Inauguration Ceremony
09:40 Address by Chief Guest - Dr Anil K Bhowmick
Director, Indian Institute of Technology, Patna 

Key Note Presentation:

10:20 "Thermoplastic Elastomers - Innovative and Diverse Specialty Engineered Materials" 
Dr Krishna Venkataswamy 
Senior Director of Global Research & Development
GLS Thermoplastic Elastomers; PolyOne Corporation, USA
10:50 Vote of Thanks
11:00 Morning Refreshments

TPVs & Applications

11:30 "Low Modulus TPEs and TPVs" 
Mr KG Chandan, Managing Director
Technovinyl Polymer Pvt Ltd., India
12:10 "Innovations in Silicone Enhanced Thermoplastic Elastomers" 
Dr Pratap Mahapatra, Sr Manager, Application & Tech Services
Multibase India Ltd
12:50 "Novel Applications with TPVs" 
Lionel Vaz
Zylog Plastalloys Ptv Ltd., India
13:30 Lunch

Thermoplastic Polyurethane & Applications

14:30 "Latest Applications and New Grades of Thermoplastic Polyurethanes" 
Georg Fuchte
BayerMaterial Science, Hong Kong
15:10 "New Application Developments for TPUs" 
Timothy Madden; Managing Director
Lubrizol South Asia
15:50 Afternoon Refreshments
16:20 "TPUs for Automotive Interiors" 
David Pascual
Merquinsa, Spain
17:00 "Flexing Limits with Engineering Thermoplastic Elastomers" 
Yatin Nandedkar, Industry Manager, Engineering Polymers
DuPont India
17:40 End of Day one

Styrenic Elastomers & Applications

09:30 "Eastman Copolyester Elastomers and Novel Compounds of Eastman Elastomers with Styrenic Block Copolymers" 
Dr Johnson Thomas - Technology Leader; TPE Platform
Eastman Chemical USA
10:10 "Polymer Modification & Compatibilization using Styrenic Block Copolymers" 
Dr Ruidong Ding - Staff Scientist
Kraton Polymers Trading (Shanghai) Co Ltd., China
10:50 Morning Refreshments
11:20 "Styroflex a SBS-Block Copolymer with unique Structure and properties" 
Satej Nabar-Manager Asia Pacific
BASF South East Asia Pte. Ltd.
12:00 "Performance Additives to Optimise Physical, Mechanical and Elastomeric Properties of Styrenic Block Copolymers" 
Dr Johnson Thomas - Technology Leader; TPE Platform
Eastman Chemical USA

TPO Elastomers & Applications

12:40 "New High Impact Efficiency Elastomers for High Performance Rigid TPOs" 
Jaydeep Patel:
Dow Chemical India
13:20 "Catalloy and Koattro Resins - Plastomers offering Extraordinary Performance" 
Deepak B Shah
Lyondell Basell, India
14:00 Lunch

General Materials & Applications

15:00 "Imagineering TPE Compounds" 
Niraj Ramniklal Pavagadhi-Product Devt.Engineer
RTP Company, Singapore
15:40 "New Developments in Thermoplastic Elastomers" 
Tushar Parida - Managing Director
PolyOne Polymers India Ltd
16:20 Afternoon Refreshments
16:40 "Pebax Rnew - High Performance Biobased Polyamide Thermoplastic Elastomer Range" 
Mandar Amrute - Market Development Leader
Arkema, India
17:20 "Husky Hot Runners for Multi-Material Moulding" 
Hiren Khatri - Account Manager, Tooling SAARC
Husky Injection Moulding Systems Pvt Ltd., India
18:00 End of Conference
